FIG. 9

FIG. 1 is a perspective view of a helmet 10. The helmet 10 has a shell 12 with a cross-hatched texture. A chin strap 14 is attached to the bottom of the helmet 10, featuring a buckle 68. A communication system is integrated into the helmet 10. This system includes a microphone 210 with a grille 214 and a boom 216, and a speaker 218. A control unit 320 is connected to the microphone 210 and the speaker 218 via wires 334 and 336. A display or sensor unit 42 is also visible on the side of the helmet 10.
